

Picnic Basket for Two

Sopot has its own rhythm. The sea, the greenery, sunlight filtering through the canopy of the coastal park. Some moments are worth savouring away from the restaurant table – and it's with exactly those moments in mind that we created our picnic basket. This is NAMI Restaurant's offer for those who want to take the best of NAMI with them: fresh ingredients, balanced flavours, and an approach to food rooted in longevity philosophy. Every basket is prepared by our culinary team in collaboration with the dietitians of NAMI Medical Resort and Clinic.

What's inside?

Sandwiches on house-baked bread – two varieties, made from carefully selected ingredients.

NAMI salad with a choice of protein: fruit wood-smoked trout / lemon and thyme roasted trout / grilled corn-fed chicken breast.

House-baked cake and chia dessert – a sweet finish with no compromise on quality.

Selection of cheeses and seasonal fruit – because variety and freshness are fundamental to how we cook.

House cookies, lemonade and a smoothie – because a picnic is also a time for simple pleasures.

Optional (charged separately): wine – chosen with an afternoon of outdoor relaxation in mind.

Orders must be placed at least one day in advance.
